THE STORY

10 000 lakes of Minnesota, surrounded by centuries-old forests, served as inspiration for the creation of the Fire Lake Grill House and Cocktail Bar as a global brand. In Russia, with its vast and varied landscapes and endless natural treasures, everyone has a personal get away place where one can enjoy the tranquility of calming waters accompanied by the warmth of an evening log fire. In an effort to recreate this cozy and homely atmosphere, we offer you a combination of dishes cooked on open fire as well as locally inspired mixology.

Moscow's first Fire Lake restaurant consists of a team of highly creative chefs led by Rodion Nefedov, embracing true local produce and cooking methods. Inspired by the "S.O.L." (seasonal, organic, local) concept, they turn simple but high quality ingredients into rich in flavor but accessible dishes.

The warmth and empathy of our team, the aromas of wood-smoked items from the Josper grill and velvety wines from family cellars will make you feel at home. **Welcome to Fire Lake!**

About us:

We use high-quality natural products grown in Russia. Vegetables and mushrooms gathered at the peak of maturity. We are proud of the assortment of Tver cheeses, Karelian trout, meats from farms near Moscow — there are no random products in our dishes. Only the best ingredients grown with passion are being used cooked and served with care.
